## **Merry Christmas**

GPpartners would like to wish everyone a Merry Christmas & Happy and Prosperous New Year.

GPpartners is starting our planning for next year. As well as our

clinical education, we are hoping to expand to support GPs with Financial and Professional Services planning.

We continue to represent GPs on committees to put our point of view. We still need to be there to question and provide the GP's perspective especially when organisations think they know what GPs want and are making decisions about Primary Care.

We are exploring some exciting opportunities for next year to support General Practice so watch this space.

Dr Jayne Ingham, COO.
